Dear Parents,

Incredible Years Programme

All children are challenging in different ways. We all say - there is no instruction manual that they give you when you leave hospital! Each stage of development brings the need to think differently about your child's needs.

Because of this, we would like to offer training for parents with a focus on the Incredible Year's programme - which does have the closest we can get to an instruction manual.

The idea is to ensure that we all give your children the same messages which will make them feel safe, secure and therefore happy and relaxed.

Before we set this unique opportunity up, we need to know who could come and when would be the best time.

The incredible years programme is great - every parent that has been involved has been positive about it. We are just focusing it on our Reception age children initially, so that all parents in the group have children at the same broad age range.

Please could you let us know if you would be interested and the time/day that would be best.

This is a new initiative and we really hope that you think it would be a useful idea.

Yours sincerely,

Annabelle Grose
Headteacher

.....
Please complete and return to the school office
Incredible Years Programme
